PROFESSIONAL SUMMARY

Fresh graduate with a BSc (Hons) in Information Technology, specializing in Information Technology, from the Sri Lanka Institute of Information Technology (SLIIT), with one year of hands-on industry experience across the full software development lifecycle and four years of university project experience. Began my career as a Full Stack Development Intern at the Regional Development Bank and most recently worked as a Software Engineer Intern at Pina Vida SL PVT LTD, developing and testing frontend features. Experienced in full-stack web and mobile development, IoT systems, machine learning, software testing, and UI/UX design. Skilled at working in cross-functional, agile teams to design, test, and deliver reliable, user-focused software solutions.

EDUCATION

BSc (Hons) in Information Technology (Specialized in IT) <i>Sri Lanka Institute of Information Technology (SLIIT) — Graduated</i>	2022 – 2026
Higher Diploma in Information Technology <i>Sri Lanka Institute of Information Technology (SLIIT) — Completed</i>	2022 – 2024
G.C.E. Advanced Level — Physical Science <i>Bandarawela Central College</i>	2018 – 2020

INDUSTRIAL EXPERIENCE

Software Engineer Intern <i>Pina Vida SL PVT LTD (Brunelly Department)</i>	Apr 2026 – Oct 2026
- Developed and maintained frontend features using TypeScript, HTML, and SCSS. - Performed manual testing to ensure functionality, quality, and consistency of frontend components. - Collaborated with the engineering team on code reviews, debugging, and application performance. - Utilized Azure DevOps for version control workflows, including branching, merging, and pull requests.	
Full Stack Development Intern <i>Regional Development Bank (Head Office IT Department)</i>	Dec 2024 – Jun 2025
- Developed frontend and backend modules using CodeIgniter (PHP) and improved existing internal systems. - Prepared SRS documentation, conducted UAT, manual testing, and test case design. - Contributed to UI/UX design improvements and supported ISO 27001 security documentation.	
Research Assistant — IoT & Machine Learning <i>SLIIT</i>	2025 – Jul 2026
- Researched and implemented IoT integration and machine learning applications for real-world scenarios. - Developed cross-platform mobile applications using React Native with Expo Go for testing and deployment. - Built backend systems and machine learning models using Python.	

TECHNICAL SKILLS

- Programming Languages:** Java, Kotlin, Python, PHP, JavaScript, TypeScript, SQL, C, C++
- Web Frameworks:** Laravel, Laravel Breeze, CodeIgniter, Spring Boot, MERN Stack, Vue 3, Inertia.js, React, React Native
- Web Tools/Libraries:** HTML, CSS, SCSS, Tailwind CSS, Vite, Postman
- Mobile Development:** React Native (Expo Go), Android Studio, SQLite
- Databases:** MySQL, SQLite, MongoDB, PhpMyAdmin
- Testing & QA:** Selenium IDE, Cypress, QA Automation, Manual Testing, Test Case Design
- Machine Learning & IoT:** Python ML applications, IoT integration, Data analysis
- Design & UI/UX:** Figma, Mockflow, Canva
- Business Intelligence & Analysis:** Power BI, Business Analysis, Business Plan Documentation
- Version Control & Deployment:** Git, GitHub, Azure, AWS, Vercel
- Project Management:** Microsoft Planner, Azure DevOps

- **Collaboration:** OneDrive, Google Drive, Google Forms, MS Teams, Zoom, Gmail
- **Office & Productivity:** MS Word, Excel, PowerPoint
- **Soft Skills:** Communication, Teamwork, Leadership, Problem-Solving, Critical Thinking

PROJECTS

Development Projects

- **Skill Sharing Platform** — Skill sharing web app. (*Spring Boot, React.js, MongoDB*)
- **Medicine Reminder App** — Medicine schedule & reminder CRUD system. (*PHP, MySQL*)
- **Swiftspin Laundry System** — Laundry order & payment platform. (*Java, MySQL*)
- **Inventory Management System** — Product & stock management system. (*PHP, MySQL*)
- **PetPulse** — Pet healthcare platform with vet scheduling. (*MERN Stack*)
- **Exam Timetable System** — Automated exam scheduler. (*Laravel, React.js, MySQL*)
- **Inventory Management System (Laravel + Vue)** — Secure inventory system with transaction history. (*Laravel 9, Vue 3, Inertia.js, Tailwind CSS, MySQL*)
- **Tea Factory Machine Alert System** — Mobile app for real-time tea processing machine alerts. (*React Native, Python*)
- **Research Documentation Website** — Research project website with documents & findings, deployed on Vercel. (*React, Vercel*)
- **Salon Management System** — Microservices-based salon system with API Gateway. (*Python, Flask, SQLite, Flasgger*)
- **Novel Nest** — Android book organizer app. (*Kotlin, SQLite*)
- **Business Plan Documentation** — Created a complete business plan document as part of a university business analysis project.

UI/UX Designs (Figma)

- **Zara Webpage Redesign** — Enhanced user experience and modernized visuals.
- **Melomix Music App** — Streamlined music app interface emphasizing intuitive navigation.
- **Online Fashion Store App** — Designed user-friendly shopping flow and product UI.
- **Online Delivery App** — Clean, minimal interface for food delivery and tracking.
- **Vet Appointment & Schedule System** — Interfaces for booking and managing veterinary sessions.
- **Event Management Dashboard** — Clear and intuitive dashboard interface.

CERTIFICATIONS

• Dean's List Certificate for Academic Excellence — SLIIT	2024
• Microsoft Power Apps — Canvas App — Microsoft Power Platform	2026
• AWS Academy Graduate — Cloud Web Application Builder — Amazon Web Services	2025
• AWS Skill Builder — Auto-Healing & Scaling Applications; Networking Fundamentals; Relational Databases	2025
• Microsoft Learn — Azure: Blob Storage; Virtual Machines; Networking; Relational Databases	2025
• Azure Physical Infrastructure — Microsoft Learn Student Ambassadors	Sep 2024

EXTRACURRICULAR ACTIVITIES

Prefect	2017 – 2020
<i>Bandarawela Central College</i>	
• Served as a school prefect demonstrating leadership, responsibility, and commitment.
